Editorial adjustments and upgrade to electives.

Release 1. This is the first release of this qualification in the PUA Public Safety Training Package.

Qualification Description

The PUA60519 Advanced Diploma of Public Safety (Firefighting Management) is designed for firefighting professionals performing senior management responsibilities such as developing and implementing strategic plans, performing policy reviews and undertaking stakeholder engagement with government and non-government agencies.

The role of a firefighter at this level is to manage larger and/or complex emergency incidents, to protect lives and to prevent the destruction of property and the environment. To prevent incidents from occurring and to improve community safety, a firefighter's duties may include managing community safety and education strategies or programs and managing fire safety strategies and programs to ensure adherence to local fire regulations.

This qualification includes the units of competency required by firefighters to perform senior firefighting management activities both in the workplace and in dealing with a variety of hazards. It typically involves the management of human resources, equipment, services and contingency measures.

The fire sector is those sections of government departments, statutory authorities or organisations that have responsibility under jurisdictional arrangements for the delivery of firefighting and fire management services.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

A total of 11 units of competency are required for this qualification, comprising:

- **4 core units** listed below; plus
- **7 elective units** from the general elective units listed.

Choose a minimum of 5 elective units from the elective unit lists below.

A minimum of 1 elective unit must be chosen from Group A that relates to either fire and land management or air service fire operation agencies.

Choose the remaining 1 elective unit from Group B or the elective unit lists below or elsewhere within this Training Package or another endorsed Training Package or accredited course.

All elective units selected from outside this qualification must contribute to the vocational outcome of the qualification. Where imported units are selected, care must be taken to ensure that all prerequisite units specified are complied with. Prerequisites attached to any of the units must be obtained and are additional to the number of units required for this qualification.

Where a prerequisite is attached to a unit it is identified by the symbol ∟.

Note:

Refer to the PUA Public Safety Training Package Companion Volume Implementation Guide for information on fire prerequisites.

Core units

PUACOM010   Promote the organisation's mission and services

∟ PUACOM007 Liaise with other organisations

PUAMAN001   Manage the organisation's public safety responsibilities

PUAMAN003   Manage human resources

∟ PUAFIR503 Coordinate human resource management activities

PUAMAN007   Manage financial resources

∟ PUAFIR505 Administer cost centre's financial resources

Group A: Elective units

*Fire and land management agencies require PUAOPE019 Control a Level 3 incident

*Air services require PUAOPE024 Manage operations for a Level 3 incident

PUAOPE019   Control a Level 3 incident

∟ PUAOPE018 Control a Level 2 incident

PUAOPE024   Manage operations for a Level 3 incident

∟ PUAOPE023 Manage operations for a Level 2 incident

Group B: Elective units

BSBLDR522   Manage people performance

BSBSTR501   Establish innovative work environments

PUACOM004   Manage organisational communication strategies

PUAFIR001   Coordinate state aerial operations

PUAFIR004   Manage complex aerial operations for an incident

PUAFIR601   Develop and administer organisational policies, procedures and practices

                ∟ PUAFIR504 Assist with formulation and implementation of plans and policies
