Employability Skills Summary

Employability Skills Summary for PUA20810 Certificate II in Public Safety (Explosive Ordnance)

Employability Skills are part of a unit of competency.

Employability Skills statements from a selection of units of competency from the PUA20810 Certificate II in Public Safety (Explosive Ordnance Manufacture) have been reproduced in the table below.

This table provides an example of Employability Skills for the qualification because Employability Skills within a qualification will vary depending on the qualification packaging options.

<p>Public Safety qualifications have core units (which must be achieved) and elective units (where there is a choice of units which must be achieved) so different Employability Skills Summaries are possible within the one qualification, depending on the package of core units and chosen elective units.</p> <p>Employability Skill</p>	<p>Employability Skills Statement</p>
<p>Communication</p>	<ul style="list-style-type: none"> • adjust communication styles to reflect equity and diversity • apply cross-cultural communications • apply interpersonal communications • apply techniques for giving and receiving feedback in a constructive manner • consult people on policies and decisions that affect them • follow instruction and reporting information • identify and apply legislative and statutory requirements • read and interpret job instructions, workplace forms and reports • use a variety of verbal and non-verbal communication techniques including language style, active listening • use non operational and operational communication processes • write to the level required to complete workplace forms and

	reports
Teamwork	<ul style="list-style-type: none"> • apply knowledge of composition of teams, and roles and responsibility of team members • apply the principles of equity and diversity • encourage other team members • guide and facilitate teams • understand principles of team work, and team aims and objectives • work in an acceptable and non-discriminatory way while establishing rapport and good working relationships with all colleagues
Problem solving	<ul style="list-style-type: none"> • assess and apply compatibility • assess fire situation and determine appropriate course of action • calculate and apply net explosive quantity • calculate, which may include weight, volume and dimensions • carry out and recording relevant calculations
Initiative and enterprise	<ul style="list-style-type: none"> • apply techniques for supporting others
Planning and organising	<ul style="list-style-type: none"> • apply occupational health and safety requirements, including those contained in organisational procedures, throughout the operation • carry out periodic checks on firefighting equipment • identify, acquire and prepare technical references, tools, equipment, consumables and packaging components • identify emergency alarms and match with response requirement • prepare for maintenance • prepare for packaging
Self-management	<ul style="list-style-type: none"> • adhere to relevant occupational health and safety requirements and operational safety • apply personal safety measures • demonstrate personal behaviour shows sensitivity to the differences between colleagues • demonstrate that personal conduct complies with an awareness of workplace equity and diversity • perform operational safety in a manner which maximises individual safety and the safety of others
Learning	<ul style="list-style-type: none"> • learn about Defence Explosive Ordnance Publications • learn about material safety data sheets (MSDS) • learn about procedures related to a fire emergency • learn about Section Procedural Instructions (SPI) • learn about types, operations and application of firefighting equipment including extinguishers and hose-reels

Technology	<ul style="list-style-type: none">• achieve a safe work environment when working with explosive ordnance• conduct external maintenance on all types of explosive ordnance• handle and move hazardous materials• identify and check the location of firefighting equipment• package ammunition/explosive ordnance• understand the operation and limitations of packaging tools and equipment
-------------------	--

Packaging Rules

Qualification Requirement: 11 units

All 4 core units plus 7 elective units

Where a pre-requisite unit is attached to an elective unit it is identified by this symbol \perp .

The pre-requisite units attached to any of the elective units must be undertaken and are additional to the number of elective units required for the qualification.

The 7 elective units may be taken from the elective units listed below and may include 2 units taken from this Training Package, any other endorsed Training Package or any state/territory accredited qualification where the unit is in a qualification at the same level or a higher level.

Code	Core Units
PUADEFEO101D	Work safely with explosive ordnance
PUADEFEQ001C	Work with equity and diversity
BSBOHS201A	Participate in OHS processes
TLID107C	Shift materials safely using manual handling methods

Code	Elective Units
BSBSUS201A	Participate in environmentally sustainable work practices
HLTFA201A	Provide basic emergency life support
OR	
HLTFA301B	Apply first aid
PUADEFEO201C	Respond to fire
PUADEFEO204C	Examine and certify free from explosive ordnance
PUADEFEO215A	Operate lighterage equipment
PUADEFEO216A	Operate a small quantity explosive ordnance facility
PUADEFEO301D	Package ammunition
PUADEFEO302D	Unpackage ammunition
PUADEFEO303D	Monitor explosive ordnance environmental conditions
PUADEFEO502D	Conduct external explosive ordnance maintenance
PUADEFEO503C	Conduct explosive ordnance packaging inspection
PUADEFEO508D	Conduct electrical/electronic circuitry tests

Code	Core Units
PUADEFEO521A	Refurbish explosive ordnance packaging
PUADEFEO522A	Conduct broken seal inspection
PUADEFEO715C	Gauge explosive ordnance
PUAWER004B	Respond to workplace emergencies
TLIA1207C	Pick and process orders
TLIA1307C	Receive goods
TLIA2107C	Despatch stock
TLID1207C	Operate specialised load shifting equipment
TLIF1207D	Apply safe procedures when handling/transporting dangerous goods or explosives
TLIF207C	Conduct housekeeping activities
TLIO207D	Follow security procedures

NOTES

BSB unit has been imported from the BSB07 Business Services Training Package.

HLT unit has been imported from the HLT07 Health Training Package.

TLI units have been imported from the TLI07 Transport and Logistics Training Package.

Information about customising PUA00 Public Safety Training Package qualifications is on page 12.
