Employability Skills Summary

Employability Skills Summary for PUA42309 Certificate IV in Public Safety (Preventive Health)

Employability Skills are part of a unit of competency.

Employability Skills statements from a selection of units of competency from the PUA42309 Certificate IV in Public Safety (Preventive Health) have been reproduced in the table below.

This table provides an example of Employability Skills for the qualification because Employability Skills within a qualification will vary depending on the qualification packaging options.

Public Safety qualifications have core units (which must be achieved) and elective units (where there is a choice of units which must be achieved) so different Employability Skills Summaries are possible within the one qualification, depending on the package of core units and chosen elective units. Employability Skill	Employability Skills Statement
Communication	<ul style="list-style-type: none"> • communicate effectively with people at all levels of the organisation • communicate technical advice relating to environmental health to personnel within the dependent organisation • prepare reports for a range of target groups
Teamwork	<ul style="list-style-type: none"> • implement team leadership management principles • obtain, interpret and where necessary, clarify with team supervisor, instructions for environmental health support • undertake liaison with relevant persons at the dependent organisation to inform about and gain consent to, the occurrence of tasking
Problem solving	<ul style="list-style-type: none"> • address small disputes relating to OHS implementation issues • manage workplace issues and problems • modify tasking to meet unforeseen requirements, reallocate

	resources and communicate the extent of change to team supervisor
Initiative and enterprise	<ul style="list-style-type: none"> • determine best use of available resources • implement time management strategies to set priorities • evaluate relevant workplace OHS data trends and recognise limitations of data collected • investigate the interactions between people, their activities, environment and systems
Planning and organising	<ul style="list-style-type: none"> • allocate resources within tasking allocation to ensure tasks are achievable and to make efficient use of resources • coordinate environmental health operations • plan environmental health tasking for individuals within a team • prioritise tasking • revise tasking allocation as required, to meet planned objectives • sequence tasks and meet timelines
Self-management	<ul style="list-style-type: none"> • build relationships with stakeholders (internal and external to the organisation) • complete tasks in appropriate order and minimise duplication of effort
Learning	<ul style="list-style-type: none"> • learn about duty of care arrangements • learn about food storage and distribution standards including the Hazard Analysis and Critical Control Point (HACCP) approach to food control • learn about legal framework of OHS in the workplace • learn about principles relating to hazard identification, hierarchy of control, risk management, systematic approaches to OHS
Technology	<ul style="list-style-type: none"> • establish and maintain administrative systems • use a range of communication media • use relevant office equipment

Packaging Rules

Qualification Requirement: 18 units

The 1 core unit plus 12 units from the specialisation elective units listed below plus 3 units from the occupational health and safety elective units listed below plus 2 units from the general elective units

The general elective units may be taken from the remaining specialisation or occupational health and safety elective units listed below, the general elective units listed below, or may include 2 units taken from within this Training Package or any other endorsed Training Package at the same qualification level or a higher level.

Code	Core Units
PUADEFPH008A	Coordinate environmental health operations

Code	Specialisation Elective Units
PUADEFPH007A	Conduct chlorine dosing of water at the point of supply
PUADEFPH009A	Conduct a quick assessment of disease outbreak
PUADEFPH010A	Conduct a field hygiene survey
FDFCORFSY2A	Implement the food safety program and procedures
FDFOPTHCP3A	Participate in a HACCP team
HLTDEFHC406A	Participate in deployed health capability
HLTHIR402B	Contribute to organisational effectiveness in the health industry
HLTPOP216B	Monitor and maintain septic or on-site systems
NWP240B	Inspect and report catchment and surrounding areas
NWP264B	Monitor, operate and report wastewater pre-treatment processes
NWP260A	Monitor and report water treatment processes
NWP261A	Operate and maintain water treatment plant and equipment
NWP262A	Monitor and report wastewater treatment processes
NWP268B	Monitor, operate and report chlorine disinfection systems
NWP364B	Perform laboratory testing
PRMPM19B	Organise and monitor pest management operations
PRMWM07B	Implement waste management plan

Code	Core Units
PRMWM30B	Determine waste management services
PRMWM32B	Inform and educate clients on waste management issues
PRMWM36B	Develop a waste management plan
RTD2101A	Apply animal trapping techniques
RTD2125A	Use firearms to humanely destroy animals

Code	Occupational Health and Safety Elective Units
BSBOHS401B	Contribute to the implementation of a systematic approach to managing OHS
BSBOHS402B	Contribute to the implementation of the OHS consultation process
BSBOHS403B	Identify hazards and assess OHS risks
BSBOHS404B	Contribute to the implementation of strategies to control OHS risk
BSBOHS405B	Contribute to the implementation of emergency procedures
BSBOHS406B	Use equipment to conduct workplace monitoring

Code	General Elective Units
PUADEFCM008 B	Provide technical advice
BSBADM409A	Coordinate business resources
BSBAUD402B	Participate in a quality audit
BSBLED401A	Develop teams and individuals
BSBSUS301A	Implement and monitor environmentally sustainable work practices
BSBWOR402A	Promote team effectiveness
BSBWOR404A	Develop work priorities

NOTES

BSB units have been imported from the BSB07 Business Services Training Package.
FDF units have been imported from the FDF03 Food Processing Industry Training

Code	Core Units
