Qualification Description

This qualification reflects the work undertaken by individuals in compliance and integrity service operations in the greyhound, harness and thoroughbred racing codes. It covers the specialist roles of stewards and integrity officials with responsibilities for investigations, compliance and intelligence who require an extensive knowledge of the rules of racing, administrative law, racing protocols, animal welfare, safety and duty of care requirements.

Individuals need strong organisational skills, and the ability to analyse and evaluate information and apply the rules of racing and administrative law to resolve routine, non-routine and at time complex situations.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.
