RII10113 Certificate I in Resources and Infrastructure Operations

Release 3

RII10113 Certificate I in Resources and Infrastructure Operations

Modification History

Release	Comments
1	Replaces RII10109 Certificate I in Resources and Infrastructure Operations
2	Packaging rules changed to differentiate from RII20113 Certificate II in Resources and Infrastructure Work Preparation.
3	Corrected modification history

Qualification Description

The qualification is an introductory qualification and is designed to raise awareness of the Resources and Infrastructure Industries.

This Certificate I in Resources and Infrastructure Operations is a pathway qualification. There are no specific job outcomes however; it will prepare an individual in successfully undertaking a Certificate II & III from the Resources and Infrastructure Industry Training Package.

This certificate allows individuals to develop basic functional skills and knowledge to prepare for work in the resources and infrastructure Industries. The range of technical skills and knowledge is limited.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

Requirements for completion of the Qualification.

The following provides the packaging rules for this Qualification, followed by the list of relevant Units of Competency

Successful completion of six (6) units of competency made up of:
