RII32220 Certificate III in Well Servicing Operations

Release 2

RII32220 Certificate III in Well Servicing Operations

Modification History

Release	Comments
Release 2	This version was released with RII Resources and Infrastructure Training Package version 7.0. Version created to fix typographical and/or unit grid errors.
Release 1	This version first released with RII Resources and Infrastructure Industry Training Package Version 5.0. Minor change to add the following unit of competency to the elective list: <ul style="list-style-type: none"> • RIIWSV304E Prepare well servicing fishing operations.

Qualification Description

This qualification reflects the role of individuals such as derrickmen or assistant drillers working in well servicing operations. People in this role perform tasks involving a broad range of skilled applications in a wide variety of contexts, which may involve some discretion and judgement in selecting equipment, services and contingency measures.

Licensing/Regulatory Information

Licensing, legislative and certification requirements that apply to this qualification can vary between States, Territories, and industry sectors, and must be sourced from state jurisdictions prior to applying the qualification.

Entry Requirements

Nil

Packaging Rules

The following provides the packaging rules for this qualification, followed by the list of relevant units of competency.

Total number of units = 14

8 core units plus

6 elective units, of which:

- at least two (2) units must be chosen from Group A
- at least two (2) units must be chosen from Group B

- no more than two (2) units may be chosen from elsewhere within this training package, or from another endorsed training package or accredited course.

All elective units selected from outside this qualification must reflect current occupational and learning outcomes of this AQF qualification level.

The elective bank contains both licensed and non-licensed units of competency relating to high risk work in the resources and infrastructure industry. To be appointed under any statutory requirements in related roles, units of competency should be selected to meet the state/territory licensing requirements.

There are no prerequisites to imported units listed in this qualification. Where a unit is imported as an elective, care must be taken to ensure that all prerequisites specified are complied with.

Core units of competency	
<i>Unit code</i>	<i>Unit title</i>
BSBFLM303	Contribute to effective workplace relationships
BSBWHS301	Maintain workplace safety
MSMPER200	Work in accordance with an issued permit
RIIENV201E	Identify and assess environmental and heritage concerns
RIIERR302E	Respond to local emergencies and incidents
RIIOGD209F	Operate and maintain ancillary equipment
RIIWSV302E	Trip production string for well servicing operations
RIIWSV303E	Operate fluid systems
Electives	
Group A	
<i>Unit code</i>	<i>Unit title</i>
RIIOGD304D	Apply effective coal seam gas control practices
RIIOGD305E	Apply blow out prevention operational procedures
RIIWSV203E	Prepare equipment for well servicing air operations
