RII50813 Diploma of Drilling Oil & Gas (On shore)

Release 2

RII50813 Diploma of Drilling Oil & Gas (On shore)

Modification History

Release	Comments
1	This qualification replaces RII50809 Diploma of Drilling Oil & Gas (On shore).
2	Superseded imported unit updated.

Qualification Description

This qualification reflects the role of a supervisor in a drilling operation. The tasks performed involve a high level of autonomy and require the application of significant judgement in planning and determining the selection of equipment/roles/techniques for themselves and others. They are required to demonstrate the application of a broad range of technical, managerial, coordination and planning skills.

Licensing, legislative, regulatory and certification requirements that apply to this qualification can vary between states, territories, and industry sectors. Relevant information must be sourced prior to application of the qualification.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

Requirements for completion of the qualification

The following provides the packaging rules for this qualification, followed by the list of relevant units of competency.

Successful completion of eleven (11) units of competency made up of:

- six (6) core units, and
- five (5) elective units of which:
 - at least two (2) must be chosen from group A
 - at least one (1) must be chosen from group B
 - up to one (1) unit may be chosen from Certificate IV, Diploma or Advanced Diploma level from this or any other Training Package or accredited course

Units chosen must be relevant to the job function.

There are both licensed and non-licensed units of competency relating to high risk work in the Resources and Infrastructure Industry Training Package. To be appointed under any statutory requirements in related roles, units of competency should be selected to meet the state/territory licensing requirements.

There are no prerequisites to imported units listed in this qualification. Where a unit is imported as an elective care must be taken to ensure that all prerequisites specified are complied with.
