RII60413 Advanced Diploma of Drilling Management

Modification History

Release	Comments
1	Replaces RII60409 Advanced Diploma of Drilling Management. Packaging rules amended to align with other drilling qualifications.
2	Unit titles for RIIWHS601D and RIIRIS601D corrected.
3	Corrected modification history.

Qualification Description

This qualification reflects the role of Managers in drilling who perform tasks that are broad, specialised, complex and technical, and include strategic areas and initiating activities. They are required to demonstrate self-directed application of theoretical and technical knowledge and initiate solutions to technical problems or management requirements. No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

Requirements for completion of the qualification

The following provides the packaging rules for this qualification, followed by the list of relevant units of competency.

Successful completion of eleven (11) units of competency made up of:

- eight (8) core units, and
- three (3) electives of which:
 - at least one (1) must be chosen from the electives
 - up to two (2) may be chosen from Diploma or Advanced Diploma level from this, or any other Training Package or accredited course

Units chosen must be relevant to the job function.

There are no prerequisites to imported units listed in this qualification. Where a unit is imported as an elective care must be taken to ensure that all prerequisites specified are complied with.
