

RIIMPO321D Conduct civil construction wheeled front end loader operations

Release: 3

RIIMPO321D Conduct civil construction wheeled front end loader operations

Modification History

Release	Comment
1	This unit replaces RIIMPO321B Conduct civil construction wheeled front end loader operations.
2	Performance Evidence wording amended; removed repetition from Performance Criteria; amend reference to Licensing requirements in Unit Application.
3	Required frequency and volume of evidence amended in Performance evidence. Substantial amendments made in Assessment Conditions field, including: references to Industry Sectors, assessor and subject matter expert experience requirements, how assessment should be conducted and what it should confirm.

Application

This unit describes a participant's skills and knowledge required to conduct civil construction wheeled front end loader operations in Civil construction.

This unit is appropriate for those working in operational roles.

Licensing, legislative, regulatory and certification requirements that apply to this unit can vary between states, territories, and Industry sectors. Relevant information must be sourced prior to application of the unit.

Unit Sector

Civil construction

Elements and Performance Criteria

1. Plan and prepare for wheeled front end	1.1 Access, interpret and apply wheeled front end loader operations documentation and ensure the work activity is compliant
loader operations	1.2 Obtain, read, interpret, clarify and confirm work instructions
	1.3 Identify and address risks, hazards and environmental issues and implement control measures
	1.4 Select and wear personal protective equipment appropriate for

Approved Page 2 of 4

	work activities			
	1.5 Obtain, identify and implement traffic management signage			
	requirements			
	1.6 Select, and check for faults, equipment and/or attachments for work activities			
	1.7 Obtain and interpret emergency procedures, and be prepared for fire/accident/emergency			
2. Operate front end loader	2.1 Carry out pre-start, start-up, park, shutdown and secure equipment procedures			
	2.2 Coordinate activities with others at the site prior to commencement of, and during, the work activity			
	2.3 Continually monitor hazards and risks, and ensure safety of self, other personnel, plant and equipment			
	2.4 Drive and operate front end loader, and modify the operating technique to meet changing work conditions			
	2.5 Complete work plan within the operating capacity of the equipment			
	2.6 Act on or report monitoring systems and alarms			
3. Attach, secure, lift, carry and place	3.1 Conduct communication practices associated with transportation and lifting of materials			
materials	3.2 Establish weight of load and ensure it is within safe operational limits of the machine			
	3.3 Select, attach and use slings and lifting gear in accordance with safe working load requirements			
	3.4 Position machinery to ensure stability and locate to effectively shift materials according to job specifications			
	3.5 Shift load safely and effectively			
	3.6 Move load using hand/audible/communication signals			
4. Select, remove and	4.1 Select attachment for the task			
fit attachments	4.2 Remove and fit attachment			
	4.3 Test attachment and ensure correct fitting and operation			
	4.4 Use attachment in accordance with recommendations and design limits			
	4.5 Clean and store removed attachments in designated location			
5. Relocate the front	5.1 Prepare front end loader for relocation			
end loader	5.2 Move front end loader safely between worksites, observing

	relevar	nt codes and traffic management requirements
	5.3	Load and unload machine from float/trailer
6. Carry out machine	6.1	Prepare machine for maintenance
operator maintenance	6.2	Conduct inspection and fault finding
	6.3	Carry out scheduled maintenance tasks
	6.4	Process written maintenance records
7. Conduct housekeeping activities	7.1 7.2	Clear work area and dispose of or recycle materials Process records

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit. Further information is available in the Resources and Infrastructure Industry Training Package Companion Volume.
