**Release: 1**

## RIISS00010 Skill Set Underground Shotfiring - Coal

### Modification History

Not applicable.

### Description

This skill set is for those beginning work as an underground shotfirer in a coal mining context.

### Pathways Information

These units provide credit towards a number of qualifications from the RII09 Training Package, particularly the Certificate III in Underground Coal Mining.

### Licensing/Regulatory Information

Shotfiring regulations vary between states/territories. To be appointed under any statutory requirements as a shotfirer, state/territory licensing requirements must be met.

State/territory licensing requirements need to be confirmed by the employer, the participant and the Registered Training Organisation delivering and/or assessing the units of competency, before training commences.

### Skill Set Requirements

|            |   |
|------------|---|
| RIIBLA202B | Support underground shotfiring operations               |
| RIIBLA302A | Conduct shotfiring operations in underground coal mines |

### Target Group

This skill set is for those beginning work as an underground shotfirer in a coal mining context.

### Suggested words for Statement of Attainment

This Skill Set from the RII09 Resources and Infrastructure Industry Training Package meets the industry requirements for those beginning work as an underground shotfirer.
