Assessment Requirements for SIRCHCS006 Coordinate pharmacy health promotions

Release: 1

Assessment Requirements for SIRCHCS006 Coordinate pharmacy health promotions

Modification History

Not applicable.

Performance Evidence

Evidence of the ability to complete tasks outlined in elements and performance criteria of this unit in the context of the job role, and:

- access and interpret information on current community health issues and initiatives from three different sources
- plan and implement two health education promotions in a community pharmacy.

Knowledge Evidence

Demonstrated knowledge required to complete the tasks outlined in elements and performance criteria of this unit:

- common health education promotions offered by community pharmacies
- sources of information on current community health issues and initiatives:
 - federal, state or territory government health departments
 - not for profit health councils
 - industry associations
 - professional publications
- role of pharmacy suppliers and others in the pharmacy network in cooperative promotional activities
- project management principles:
 - liaising with others
 - coordinating activities to achieve outcomes within budget and timelines
- planning processes for promotional activities
- format, content and use of operational plans
- roles and responsibilities of pharmacy and dispensary assistants, pharmacists and other managerial staff in delivering health education promotions.

Assessment Conditions

Skills must be demonstrated in a pharmacy with designated front of pharmacy areas. This can be:

- an industry workplace
- a simulated industry environment.

Assessment must ensure use of:

- information technology hardware and software
- online information systems
- information on current community health issues and initiatives from a variety of sources
- community pharmacy staff members with whom the individual can interact; these can be:
 - staff in an industry workplace; or
 - individuals who participate in role plays or simulated activities, set up for the purpose of assessment, in a simulated industry environment operated within a training organisation.

Assessors must satisfy the Standards for Registered Training Organisation's requirements for assessors, and:

- have worked in the pharmacy sector for at least two years.
