SITEEVT011 Research event industry trends and practice

Modification History

Not applicable.

Application

This unit describes the performance outcomes, skills and knowledge required to research and critically evaluate event practice at a strategic level, and to use that research as a way of extending expertise in event management.

This unit is relevant to individuals managing events in any industry context. It is particularly relevant to the cultural, community, hospitality, sporting and tourism sectors.

It applies to event managers who operate with significant autonomy and who are responsible for making strategic event management decisions. They may work in event management companies, in event venues, or in organisations that organise their own events.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.
