Qualification Description

This qualification reflects the roles of individuals who apply substantial specialised skills and knowledge in the field of education and capability development, using ICT.

In these roles they make high-level, independent judgements in major planning, design, operational and educational outcomes within highly varied and specialised contexts.

The qualification is designed to enhance, but not replace, a teaching or training qualification.

The volume of learning of a Graduate Certificate in Digital Education is typically six months to one year.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

Nil

Packaging Rules
