Release 3

TLISS00017 Installing Minor Structures Skill Set

Modification History

Release 3 - Unit updated to current version. Equivalent.

Description

Not Applicable

Pathways Information

This skill set is to be undertaken in addition to the Certificate II in Rail Infrastructure (Structures) and targets those workers who will also install minor structures.

Licensing/Regulatory Information

Readers should ensure that they have also read the part of the Training Package that outlines licensing and regulatory requirements.

Skill Set Requirements

A total of **1 unit** of competency must be completed.

Unit/s

TLIS2013C

Install minor structures

Target Group

This is a skill set covering a role which includes installing minor structures within the general rail infrastructure environment.

Suggested words for Statement of Attainment

This competency from the TLI10 Transport and Logistics Training Package (Version 2) meets the needs for installing minor structures. The competency is drawn from a nationally endorsed Training Package, and provides the skills and knowledge for a person working within the general rail infrastructure environment who is required to install minor structures.
