# **TLISS00023 Light On-track Equipment Operation Skill Set**

**Release: 1**

## TLISS00023 Light On-track Equipment Operation Skill Set

### Modification History

Not applicable.

### Description

Not applicable.

### Pathways Information

This skill set is to be undertaken in addition to the core units from Certificate II in Rail Infrastructure and targets those rail track workers who will propel and operate basic mechanical or hydraulic light on-track equipment. Light on-track equipment is considered to be less than 10 tonnes that may be lifted on or off track mechanically.

### Licensing/Regulatory Information

Readers should ensure that they have also read the part of the Training Package that outlines licensing and regulatory requirements.

### Skill Set Requirements

A total of **2 units** of competency must be completed.

Units	
TLIB2085A	Apply track fundamentals
TLIC2059A	Propel and operate light on-track equipment

### Target Group

This is a skill set covering a role requiring the operation of light on-track equipment in the general rail infrastructure environment.

## **Suggested words for Statement of Attainment**

These competencies from the TLI10 Transport and Logistics Training Package (Version 2) meet the needs of rail plant operation. The units of competency are drawn from a nationally endorsed Training Package, and provide the skills and knowledge for a person required to propel and operate light on-track equipment in the general rail infrastructure environment.

## **Custom Content Section**
