TLISS00061 Ultrasonic Rail Testing Skill Set

Release: 2

TLISS00061 Ultrasonic Rail Testing Skill Set

Modification History

Not Applicable

Description

Not Applicable

Pathways Information

This skill set is to be undertaken in addition to the Certificate II in Rail Infrastructure (Track Work) or a recognised qualification in non-destructive testing (NDT) equivalent to a Certificate II or above. It targets those rail track workers who will also test rail using ultrasonic equipment.

Licensing/Regulatory Information

Readers should ensure that they have also read the part of the Training Package that outlines licensing and regulatory requirements.

Skill Set Requirements

A total of **1 unit** of competency must be completed.

Unit/s

TLIS3010A Test rail using ultrasonic equipment

Target Group

This is a skill set covering the role of ultrasonic rail tester within the general rail infrastructure environment.

Suggested words for Statement of Attainment

This competency from the TLI10 Transport and Logistics Training Package (Version 2) meets the needs of ultrasonic testing of rail. The competency is drawn from a nationally endorsed Training Package, and provides the skills and knowledge for a person working as an ultrasonic rail tester operating within the general rail infrastructure environment.
