**UEESS00175 Apply Compliance
Requirements to all Aspects of Electrical
Work Skill Set**

Release 1

UEESS00175 Apply Compliance Requirements to all Aspects of Electrical Work Skill Set

Modification History

Release 1: This is the first release of this Skill Set in the UEE Electrotechnology Training Package.

New Skill Set.

Description

This Skill Set covers the skills and knowledge required to apply work health and safety (WHS)/occupational health and safety (OHS) and electrical installation safety obligations of persons licensed to undertake electrical work.

It encompasses WHS/OHS requirements for identifying hazards, establishing levels of risk mitigation control, following safe working methods, determining whether an electrical installation is compliant, dealing with installation defects and documenting activities and outcomes.

Pathways Information

This Skill Set does not provide any articulation to any qualification or other unit of competency.

Licensing/Regulatory Information

This Skill Set has been designed to meet jurisdictional regulatory/licensing currency requirements for holders of an 'Unrestricted Electrical Licence'.

Skill Set Requirements

A total of **1 unit** of competency must be attained.

UEEEL0001 Apply compliance requirements to all aspects of electrical work

Target Group

This Skill Set is intended for electrical licence holders who, according to the regulatory authority, have exhibited recalcitrance in their licence and/or WHS/OHS obligations.

It may be called up by an electrical safety or WHS/OHS authority as a means of retraining of such licence holders. Incompetence in not meeting required obligation could result from:

- a competent person acting incompetently, or
- a previously competent person failing to keep abreast of changes and developments in the WHS/OHS requirements and practices, the Australian/New Zealand Wiring Rules and local service rules and related regulatory requirements.

As the purpose of this Skill Set is to address the deficiencies described above, the application of this unit requires that candidates shall not be afforded Recognition of Prior Learning (RPL) and must undertake training and assessment to demonstrate competency in all aspects of the work of the unit.

Suggested words for Statement of Attainment

This Skill Set from the UEE Electrotechnology Training Package meets the industry requirements for compliance requirements to all aspects of electrical work.

Custom Content Section

Not applicable.
