

**Australian Government**

# **UEESS00001 Fire Detection and Alarm Systems Installation, Maintenance, Commissioning and Servicing**

**Release: 1**

# **UEESS00001 Fire Detection and Alarm Systems Installation, Maintenance, Commissioning and Servicing**

## **Modification History**

Not applicable.

## **Description**

Not applicable.

## **Pathways Information**

The units of competency in this skill set will contribute to the completion of relevant Certificate III, Certificate IV, Diploma and Advanced Diploma qualifications from the UEE07 Electrotechnology Training Package. Please consult the packaging rules of the relevant qualification for further advice. Not applicable.

## **Licensing/Regulatory Information**

Not applicable.

## Skill Set Requirements

UEENEEH061B	Position and terminate fire detection and warning system apparatus.
UEENEEH062B	Verify compliance and functionality of fire protection installations.
UEENEEH063B	Enter and verify programs in preparation for commissioning fire protection systems.
UEENEEH064B	Commission commercial fire protection systems.
UEENEEH065B	Find and repair faults in fire protection systems

## Target Group

It is essential that anyone undertaking this skill set already holds the Competency Standard Units:

UEENEEE002B, Dismantle, assemble and fabricate electrotechnology components.

UEENEEE005B, Fix and secure equipment.

UEENEEE007B, Use drawings, diagrams, schedules and manuals

OR

A current unrestricted electrical licence issued in an Australian State or Territory.

Note: As agreed with the Fire Protection Industry (ODS & SGG) Board, existing workers in the fire protection sector may be deemed to have met the above pre-requisite competencies if they:

- Hold the Australian Communications and Media Authority's restricted or open cablers registration and can demonstrate three (3) years wiring and installation experience in the fire protection sector.
- OR

Hold the Australian Communications and Media Authority's open cablers registration and can demonstrate three (3) years wiring and installation experience in the security or communications sectors.

## **Suggested words for Statement of Attainment**

This Skill Set from the UEE07 Electrotechnology Training Package meets the industry requirements for Fire Detection and Alarm Systems: Installation, Maintenance, Commissioning and Servicing

## **Custom Content Section**

Not applicable.
