UEESS00058 Electronic - Fire Detection and Alarm Systems - Installation, Maintenance, Commissioning and Servicing

Release: 2

UEESS00058 Electronic - Fire Detection and Alarm Systems - Installation, Maintenance, Commissioning and Servicing

Modification History

Release	Action	Core/Elective	Details	Points
2	Update	N/A	Mapped skill set requirements	

Description

Not applicable.

Pathways Information

The units of competency in this skill set will contribute to the completion of relevant Certificate III, Certificate IV, Diploma and Advanced Diploma qualifications from the UEE11 Electrotechnology Training Package. Please consult the packaging rules of the relevant qualification for further advice.

Licensing/Regulatory Information

Readers should ensure that they have also read the part of the Training Package that outlines licensing and regulatory requirements.

Skill Set Requirements

UEENEEH161A   Install fire detection and warning system apparatus
UEENEEH162A   Verify compliance and functionality of fire protection system installations
UEENEEH163A   Enter and verify programs for fire protection systems
UEENEEH164A   Commission large fire protection systems
UEENEEH165A   Troubleshoot fire protection systems

E-OZ Training Standards

Target Group

It is essential that anyone undertaking this skill set already holds the Competency Standard Units:

UEENEEE102A, Fabricate, assemble and dismantle utilities industry components

UEENEEE105A, Fix and secure electrotechnology equipment

UEENEEE107A, Use drawings, diagrams, schedules, standards, codes and specifications

OR

A current unrestricted electrical licence issued in an Australian State or Territory.

Note: As agreed with the Fire Protection Industry (ODS & SGG) Board, existing workers in the fire protection sector may be deemed to have met the above pre-requisite competencies if they:

- Hold the Australian Communications and Media Authority's restricted or open cablers registration and can demonstrate three (3) years wiring and installation experience in the fire protection sector.

OR

- Hold the Australian Communications and Media Authority's open cablers registration and can demonstrate three (3) years wiring and installation experience in the security or communications sectors.

-

Suggested words for Statement of Attainment

This Skill Set from the UEE11 Electrotechnology Training Package meets the industry requirements for Install and set up interval metering
