Release	Comments
Release 1	This version released with ACM Animal Care and Management Training Package Version 1.0.

Qualification Description

This qualification provides a trade outcome in farriery. It relates to the work activities undertaken by a farrier who is engaged or employed to provide foot care services to equines with limited supervision in a defined range of varied contexts that may be complex and non-routine.

The duties require judgement and the ability to communicate accurately information concerning equine health related to foot care and performance to owners as well as the ability to interpret and relay information covering a variety of circumstances.

No licensing, legislative or certification requirements apply to this qualification at the time of publication. However, an individual unit of competency may specify relevant licensing, legislative and/or regulatory requirements.
