ACMAIM311 Communicate with companion animal owners about incident management processes

Release: 1

ACMAIM311 Communicate with companion animal owners about incident management processes

Modification History

Release	Comments
Release 1	This version released with ACM Animal Care and Management Training Package Version 6.0.

Application

This unit of competency describes the skills and knowledge required to communicate effectively to companion animal owners about the incident management processes and the welfare of their animal.

The unit applies to individuals who apply respectful communication techniques to communicate factual information to companion animal owners during and post-incident.

All work must be carried out to comply with Commonwealth and state/territory health and safety and animal welfare regulations.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Nil

Unit Sector

Animal Incident Management (AIM)

Elements and Performance Criteria

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Prepare for communication	1.1 Gather briefing from team leader and discuss the chain of command for the rescue of companion animals during an incident 1.2 Select appropriate communication method that relates to the incident

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
2. Engage in communication	2.1 Approach companion animal owners in a professional manner to diffuse a potentially stressful situation 2.2 Employ two-way processes to ensure receipt and acknowledgement of message regarding the incident management processes and the health and welfare of owners' companion animals 2.3 Provide opportunities to clarify and confirm understanding and acknowledge owners' distress
3. Explain follow-up processes to companion animal owners	3.1 Communicate incident follow-up processes to the companion animal owners and record action taken 3.2 Advise owners about the discharge processes, care and welfare requirements of their companion animals

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential for performance in this unit of competency but are not explicit in the performance criteria.

Skill	Description
Writing	Prepare succinct text on management incident processes and the health and welfare of specific animals, incorporating vocabulary, grammatical structure and conventions appropriate to a potentially risky and stressful situation
Oral communication	Participate in spoken exchanges with companion animal owners for a range of incidents using structure and language to suit the audience
