Application

This unit of competency describes the skills and knowledge required to educate a horse to pull a load and be driven for an intended purpose. The unit applies to all classes of horses and can be customised for other domestic equids.

The unit applies to individuals with considerable experience and skills in horse handling and driving who have responsibility for educating horses for a range of driving purposes. They work independently within organisational guidelines, deal with predictable and unpredictable situations, and apply problem-solving skills to achieve outcomes.

All work must be carried out to comply with workplace procedures, according to state/territory health and safety and animal welfare regulations, legislation and standards that apply to the workplace.

No licensing, legislative or certification requirements apply to this unit at the time of publication.
