Investigate job opportunities in animal care
and related industries**

Release: 1

Assessment Requirements for ACMGAS101 Investigate job opportunities in animal care and related industries

Modification History

Release	Comments
Release 1	This version released with ACM Animal Care and Management Training Package Version 1.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has investigated job opportunities in a minimum of two different animal care and/or related industries, including:

- determined the structure and scope of animal care industries
- identified the range of job functions and working conditions, including conduct and presentation standards, required in animal care
- developed a draft resume and job application.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- conditions of employment in a range of animal care sectors that address dress code, behaviour standards and WHS requirements, and animal welfare and ethics requirements
- general job responsibilities in a range of animal care sectors
- job roles and employment opportunities in a range of animal care sectors
- major animal care industry sectors and their functions
- resume and job application formats
- sources of information on animal care sectors, employment conditions and employment opportunities
- basic requirements for animal welfare and ethics.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - access to a range of different animal care workplaces

- resources, equipment and materials:
 - formats for resume and job applications
- specifications:
 - access to organisational policies and procedures.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
