**Release: 1**

# Assessment Requirements for ACMGAS204 Feed and water animals

## Modification History

Release	Comments
Release 1	This version released with ACM Animal Care and Management Training Package Version 1.0.

## Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has:

- fed and watered a minimum of two different animals, covering two different species, in line with the animal's feeding plan.

## Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- animal feeding methods
- food preparation, according to instructions
- storage requirements for food
- appropriate containers for food
- how to deliver food in a manner that is safe and appropriate to the animal
- maintaining a clean food preparation area
- cross-contamination of food
- safe and humane animal handling techniques and procedures
- the principles of animal welfare and ethics as set out in relevant codes of practice.

## Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
  - an environment that accurately reflects a real workplace setting
- resources, equipment and materials:
  - a range of animals

- equipment and resources appropriate to work undertaken in an animal care environment
- specifications:
  - access to organisational policies and procedures
  - animal feeding plans
- relationships (internal and/or external):
  - interactions with a supervisor.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
