ACMHBR311 Raise young horses

Release: 1

ACMHBR311 Raise young horses

Modification History

Release	Comments
Release 1	This version released with ACM Animal Care and Management Training Package Version 1.0.

Application

This unit of competency describes the skills and knowledge required to raise young horses, including observing foal development, meeting dietary needs, and handling and assisting with educating young horses.

The unit applies to individuals who work under broad direction and take responsibility for their own work. They complete routine activities and work in a range of known contexts within horse breeding and horse industry environments.

No occupational licensing or certification requirements apply to this unit at the time of publication.

Work health and safety and animal welfare legislation relevant to interacting with horses applies to workers in this industry. Requirements vary between industry sectors and state/territory jurisdictions. Users are advised to check with the relevant authority for specific requirements.

NOTE: The terms 'occupational health and safety' (OHS) and 'work health and safety' (WHS) generally have the same meaning in the workplace. In jurisdictions where the national model WHS legislation has not been implemented, RTOs must contextualise the unit of competency by referring to current OHS legislative requirements.

Pre-requisite Unit

The prerequisite unit of competency for this unit is:

- ACMHBR307 Handle young horses.

Note the following chain of prerequisites that also applies to this unit.

Unit of competency	Prerequisite requirement
ACMHBR307 Handle young horses	ACMEQU202 Handle horses safely
ACMEQU202 Handle horses safely	ACMEQU205 Apply knowledge of horse behaviour

Unit Sector

Horse Breeding (HBR)

Elements and Performance Criteria

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Monitor foal development	1.1 Observe and assess foal health and development 1.2 Detect and report symptoms of ill health, common diseases and developmental disorders 1.3 Record foal health and growth rate according to workplace practices 1.4 Vaccinate foals under instruction
2. Meet the dietary requirements of young horses	2.1 Monitor mares for adequate nutrition for milk supply 2.2 Wean foals onto suitable pasture and supplement with feeds 2.3 Meet feed requirements of growing horses 2.4 Ensure feeding plans for yearlings allow growth and development for sale or growing on
3. Handle and assist with the education of young horses	3.1 Check paddocks and facilities to minimise the risk of injury and blemishes to young horses 3.2 Use safe and ethical horse handling techniques to assist in educating young horses to be led and tied up 3.3 Provide young horses with social support of other young horses or foster mares 3.4 Train weanlings and yearlings to parade for sale
