Assessment Requirements for ACMSUS201

Participate in environmentally sustainable work practices

Release: 1

Assessment Requirements for ACMSUS201 Participate in environmentally sustainable work practices

Modification History

Release	Comments
Release 1	This version released with ACM Animal Care and Management Training Package Version 1.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit. There must be evidence that the individual has demonstrated that they have contributed on at least two activities regarding environmental sustainability in the workplace and includes:

- identified and complied with a range of environment/sustainability legislation and procedural requirements relevant to daily responsibilities
- identified and reported on current resource usage measurements and identified inefficiencies and suggested opportunities for improvements
- followed organisation information to participate in and support an improved resource efficiency process and reported as required
- identified and reported environmental hazards/risks in the workplace and suggested opportunities for improvements.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- environmental and resource efficiency procedures and processes applicable to work role
- methods for the measurement and documentation of usage of resources
- environmental regulations relevant to the work role in the animal care industry
- environmental, and resource hazards and risks associated with the animal care sector in which the individual works
- procedures for reporting environmental and resource hazards and risks, and environment and resource efficiencies and inefficiencies.

Assessment Conditions

Assessment of this unit of competency must take place under the following conditions:

- physical conditions:

- skills must be demonstrated in a workplace setting or an environment that accurately represents workplace conditions.
- specifications:
 - environmental legislation and regulations

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
