AHC42020 Certificate IV in Landscape

Release 1

AHC42020 Certificate IV in Landscape

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 6.0.

Qualification Description

This qualification allows individuals to develop post-trade skills and knowledge to become specialists within the landscape industry. It is designed to meet the needs of supervisors or team leaders.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

To achieve this qualification, competency must be demonstrated in:

- 12 units of competency:
 - 1 core units plus
 - 11 elective units.

Elective units must ensure the integrity of the qualification's Australian Qualification Framework (AQF) alignment and contribute to a valid, industry-supported vocational outcome. The electives are to be chosen as follows:

- select 8 units listed from the either Group A or Group B below
- 3 units may be selected from either Group A or Group B or from this or any other endorsed Training Package or Accredited Course.

Selected units must be relevant to job outcomes in the landscape industry and must be chosen to ensure the integrity of the qualification outcome at AQF level 4.

Core Units
