Assessment Requirements for AHCBEK401 Collect and store propolis

Release: 1

Assessment Requirements for AHCBEK401 Collect and store propolis

Modification History

Release	TP Version	Comment
1	AHCv1.0	Initial release

Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- correctly use appropriate personal protective clothing (PPE)
- apply quality assurance and food safety procedures
- handle bees and work safely around them
- judge the suitability of a colony for propolis collection
- remove propolis from hive frames, lids, boxes or propolis traps
- maintain a healthy hive and colony
- recognise propolis and distinguish it from other substances collected by bees
- recognise suitable flora for propolis production.

Knowledge Evidence

The candidate must demonstrate knowledge of:

- characteristics of bees and their behaviour
- food safety requirements
- quality assurance requirements designed for the honey industry
- suitable conditions and constraints on collecting propolis.

Assessment Conditions

Assessors must satisfy current standards for RTOs.
