AHCBIO204 Follow site biosecurity procedures

Release: 1

AHC BIO204 Follow site biosecurity procedures

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 6.0.

Application

This unit of competency describes the skills and knowledge required to follow the workplace biosecurity procedures for accessing and leaving a quarantine site to reduce and contain the transfer of diseases or pests.

The unit applies to individuals who work under general supervision and exercise limited autonomy. They undertake defined activities and work in a structured context.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Nil

Unit Sector

Biosecurity (BIO)

Elements and Performance Criteria
