## AHCBUS612 Review land management plans and strategies

### Modification History

| Release   | Comments   |
|-----------|--|
| Release 1 | This version released with AHC Agriculture, Horticulture, Conservation and Land Management Training Package Version 4.0. |

### Application

This unit of competency describes the skills and knowledge required to review and assess effectiveness of land use, land management plans and strategies.

This unit applies to individuals who work at a strategic level, with capacity to devolve responsibilities to others. In this role, workers analyse, design and communicate solutions to a range of complex problems.

All work must be carried out to comply with organisational requirements, work health and safety legislation and codes, sustainability practices and in consultation with the management team.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

### Pre-requisite Unit

Nil

### Unit Sector

Business (BUS)
