AHCLSK350 Identify and draft livestock

Release: 1

AHCLSK350 Identify and draft livestock

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Release 11.0.

Application

This unit of competency describes the skills and knowledge required to identify and draft or sort animals for sale, breeding or other workplace requirements.

The unit applies to individuals who identify and draft livestock under broad direction and take responsibility for their own work.

All work must be carried out to comply with workplace procedures, according to state/territory health and safety regulations, legislation and standards that apply to the workplace, and animal welfare legislation, regulations, standards and guidelines, and sustainability and biosecurity practices.

In addition to legal responsibilities, all units of competency dealing with animals in the AHC Agriculture, Horticulture and Conservation and Land Management Training Package have the requirements for animals to be handled humanely to minimise stress and discomfort.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Nil

Unit Sector

Livestock (LSK)

Elements and Performance Criteria

Elements	Performance Criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Identify animals	1.1 Identify and confirm animal selection criteria from production and marketing information and supervisor or management instructions

Elements	Performance Criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
	1.2 Handle and sort livestock using good stock handling techniques and animal welfare practices 1.3 Identify and separate animals according to selection criteria 1.4 Apply identification devices safely and humanely 1.5 Identify hazards and risks, and implement safe working practices to manage risks 1.6 Select, fit, use and maintain personal protective equipment (PPE) applicable to the task
2. Assess and select animals	2.1 Assess animals according to industry and workplace criteria and guidelines 2.2 Rank and select animals using workplace criteria 2.3 Record and report selection 2.4 Observe prescribed medication withholding periods when selecting animals 2.5 Complete and maintain records and documentation 2.6 Apply workplace biosecurity policies where required

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential for performance in this unit of competency but are not explicit in the performance criteria.

Skill	Description
Reading	Identify and interpret workplace documentation to identify relevant and key information about animal selection criteria
Writing	Use clear language, accurate industry terminology and logical structure to record animal selection and performance information
Numeracy	- Calculate and record routine workplace data - Use basic mathematical processes of addition, subtraction, division, multiplication, percentages, decimal points and ratios
