## AHCLSK419 Manage horses for stock work

### Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 2.0

### Application

This unit of competency describes the skills and knowledge required to manage horses for stock work, including coordinating specialist services from veterinarians and farriers.

The unit applies to individuals, experienced in riding horses for stock work, who take responsibility for their own work and for the quality of the work of others within known parameters. They use discretion and judgement in the selection, allocation and use of available resources, and provide and communicate solutions to a range of predictable and sometimes unpredictable problems.

No occupational licensing or certification requirements apply to this unit at the time of publication.

Work health and safety and animal welfare legislation relevant to interacting with horses applies to workers in this industry. Requirements vary between industry sectors and state/territory jurisdictions. Users are advised to check with the relevant authority for specific requirements.

### Pre-requisite Unit

The prerequisite unit of competency for this unit is:

- ACMEQU406 Manage selection of horse for new or inexperienced handler, rider or driver

### Unit Sector

Livestock (LSK)

### Elements and Performance Criteria

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
