AHCLSK432 Arrange transport for farm produce or livestock

Release: 1

AHCLSK432 Arrange transport for farm produce or livestock

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Release 11.0.

Application

This unit of competency describes the skills and knowledge required to arrange transport for farm produce or livestock.

The unit applies to individuals who apply specialist skills and knowledge to arrange transport for farm produce or livestock. This includes applying and communicating non-routine technical solutions to predictable and unpredictable problems.

All work must be carried out to comply with workplace procedures, according to state/territory health and safety regulations, legislation and standards that apply to the workplace, and animal welfare legislation, regulations, standards and guidelines, and sustainability and biosecurity practices.

This unit applies to those whose job roles include arranging and coordinating the transport of farm produce, fodder or livestock.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Nil

Unit Sector

Livestock (LSK)

Elements and Performance Criteria

Elements	Performance Criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Confirm transport requirements	1.1 Confirm transport requirements according to workplace marketing and production plans

Elements	Performance Criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
	1.2 Confirm amount and type of farm produce and number of livestock to be transported, the pick-up or delivery requirements, and the route to be taken according to workplace instructions 1.3 Identify and comply with legislative requirements associated with the transport of farm produce or livestock
2. Prepare transport plan	2.1 Determine equipment, vehicles and resources required to transport farm produce or livestock, and arrange according to workplace requirements 2.2 Identify, seek and obtain relevant authorisations, permits or animal identification requirements according to legislative requirements 2.3 Document transport arrangements including pick-up and delivery details, and any requirement to unload livestock to allow for spelling 2.4 Document conditions to be maintained for produce, including separation for product integrity 2.5 Negotiate compensation or penalties for damage to produce or livestock, or obtain transport insurance 2.6 Ensure plan complies with workplace and legislative requirements for workplace health and safety, animal welfare and biosecurity
3. Source and select carrier	3.1 Source carriers to ascertain availability, terms and conditions according to transport and workplace requirements 3.2 Contact carriers who satisfy the transport requirements to negotiate suitable costs, terms and cartage conditions 3.3 Select carrier and confirm negotiations with an agreement and insurance arrangements prepared accordingly
4. Coordinate transport arrangement	4.1 Ensure completion and accuracy of relevant documentation according to industry and legislative requirements 4.2 Communicate regularly with operational staff and contractors to confirm clarity and understanding of arrangements 4.3 Check and confirm scheduling arrangements and preparation of farm produce or livestock in readiness for transportation with workplace personnel

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential for performance in this unit of competency but are not explicit in the performance criteria.

Skill	Description
Reading	Identify and interpret textual and numerical information from a range of sources to identify relevant and key information about farm produce or livestock transport requirements
Writing	- Use clear language, accurate industry terminology and logical structure to prepare and record relevant authorisations, permits or animal identification documentation - Complete farm produce or livestock transport agreement and insurance documentation
Oral communication	- Use clear language to identify and arrange transportation of farm produce or livestock - Participate in exchanges to respond to questions, clarify information and seek advice
Numeracy	- Calculate and record routine workplace data - Use basic mathematical processes of addition, subtraction, division, multiplication, percentages, decimal points and ratios
