AHCNRM603 Implement a monitoring,
evaluation and reporting program**

Release: 2

Assessment Requirements for AHCNRM603 Implement a monitoring, evaluation and reporting program

Modification History

Release	TP Version	Comment
1	AHCv1.0	Initial release

Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- implement a monitoring and evaluation strategy
- apply monitoring and evaluation methods to ensure integrity and validity of data
- collect and manage data related to the monitoring program according to enterprise procedures
- analyse complex information related to the monitoring program according to enterprise requirements
- prepare reports and information products to enterprise standards and to meet audience needs
- review the monitoring and evaluation process to contribute to continuous improvement

Knowledge Evidence

The candidate must demonstrate knowledge of:

- quantitative and qualitative methods for monitoring and evaluation
- data management processes and systems
- policy and program management processes
- adaptive management and review cycles
- MERI framework

Assessment Conditions

Assessors must satisfy current standards for RTOs.
