Application

This unit of competency covers the skills and knowledge required to report on general tree health and condition. It applies to the evaluation of trees for the purpose of work proposed in a local government area including parks and gardens, building and construction sites, public and private environments, and schools.

It applies to individuals who take responsibility for their own work and for the quality of the work of others. They use discretion and judgement in the selection, allocation and use of available resources. All work is carried out to comply with workplace procedures.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

Pre-requisite Unit

Nil.

Unit Sector

Plant culture and management (PCM)

Elements and Performance Criteria

Element	Performance criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Prepare tree inspection requirements	1.1 Determine scope of work 1.2 Identify and prepare tools and equipment for inspection 1.3 Document and implement traffic management requirements where required
2. Inspect the tree	2.1 Determine the type, location and condition of tree 2.2 Inspect tree for obvious signs of structural damage, defects, pests, diseases and fauna

Element	Performance criteria
	2.3 Identify and record tree condition on the inspection form
3. Record findings and advise client	3.1 Record tree location and site details
	3.2 Recommend follow up treatments or further inspection from a consulting arborist
	3.3 Complete report on tree health and condition and advise client-stakeholder

Foundation Skills

Foundation Skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions

Unit Mapping Information

New unit - No equivalent.
