**Release: 1**

# AHCPR313 Coordinate preparation and storage of permaculture products

## Modification History

Release	TP Version	Comment
1	AHCv1.0	Initial release

## Application

This unit provides the skills and knowledge of permaculture product preservation techniques; planning for the preparation of permaculture products; handling and storage requirements of permaculture products and their treatment, storage and presentation requirements.

All work is carried out to comply with workplace procedures. Individuals observe manufacturer's specifications and follow operating instructions when using tools and equipment.

This unit applies to individuals who take responsibility for their own work and for the quality of the work of others. They use discretion and judgement in the selection, allocation and use of available resources.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

## Pre-requisite Unit

Nil.

## Unit Sector

Permaculture (PER)
