Release: 2

Assessment Requirements for AHCPGD402 Plan a plant establishment program

Modification History

Release	Comments
Release 2	This version released with AHC Agriculture, Horticulture, Conservation and Land Management Training Package Version 2.0.
Release 1	This version released with AHC Agriculture, Horticulture, Conservation and Land Management Training Package Version 1.0.

Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting.

The candidate must provide evidence that they can:

- plan a plant establishment program
- consult with clients
- document plans, specifications and work procedures
- comply with legislative requirements
- write plans and reports that staff, clients and contractors can understand
- calculate the cost and spatial and logistical requirements of components of the plant establishment program.

Knowledge Evidence

The candidate must demonstrate knowledge of:

- identification, propagation and establishment techniques of specific plant species and cultivars
- the advantages and disadvantages of a range of plant establishment procedures
- maintenance requirements and practices for specific plant species and cultivars, prior to and after initial establishment
- processes and techniques for preparing, costing and documenting plans for and scheduling plant establishment activities
- processes and techniques for scheduling plant establishment activities.

Assessment Conditions

Assessors must satisfy current standards for RTOs.
