**Release: 1**

# Assessment Requirements for AHCPHT101 Support horticultural production

## Modification History

Release	TP Version	Comment
1	AHCv1.0	Initial release

## Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- prepare materials, tools and equipment for work
- follow safety directions
- handle materials and equipment
- complete routine horticulture production assistance work, including the safe use and operation of farm tools and equipment
- clean up and dispose of waste consistent with environmental and enterprise requirements

## Knowledge Evidence

The candidate must demonstrate knowledge of:

- principles and practices for supporting production of horticultural crops
  - planting, picking, packing, loading and transporting techniques appropriate to this level
  - safe work practices
  - use of horticultural tools and equipment
  - work health and safety and environmental protection legislation and enterprise procedures

## Assessment Conditions

Assessors must satisfy current standards for RTOs.
