AHCPHT219 Handle and move mushroom boxes

Release: 1

AHCPTH219 Handle and move mushroom boxes

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 6.0.

Application

This unit of competency describes the skills and knowledge required to handle and move mushroom boxes, including distributing empty boxes, collecting and moving filled boxes, and finalising handing and moving tasks.

The unit applies to individuals who handle and move mushroom boxes under general supervision with limited autonomy or accountability.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Nil

Unit Sector

Production Horticulture (PHT)

Elements and Performance Criteria

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Distribute boxes for filling to picking rooms	1.1 Select, assemble and position materials, trolleys, tools and equipment appropriate for handling and moving mushroom boxes 1.2 Carry out pre-operational and safety checks on trolleys, tools and equipment 1.3 Follow site quarantine protocols and farm and personal hygiene requirements 1.4 Identify workplace health and safety hazards, and report to

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
	supervisor 1.5 Identify environmental and biosecurity implications associated with work, and minimise impact 1.6 Distribute empty boxes to pickers in a timely and efficient manner
2. Collect and move filled boxes	2.1 Coordinate collection of filled boxes with delivery of empty boxes 2.2 Stack filled boxes on trolleys to the recommended height 2.3 Move stacked trolleys safely from picking rooms and with consideration for other traffic flow in the area 2.4 Transfer and stack filled boxes into cool room using safe work practices 2.5 Record cool room air and mushroom pulp temperatures 2.6 Report variations of temperature and anomalies, and take remedial action according to supervisor instructions
3. Finalise tasks	3.1 Clean and return trolleys, tools and equipment to required location 3.2 Identify and report unserviceable trolleys, tools and equipment according to workplace procedures 3.3 Complete daily work records legibly and accurately 3.4 Report work outcomes and seek feedback on performance

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential for performance in this unit of competency but are not explicit in the performance criteria.

Skill	Description
Reading	Interpret textual information from a range of sources to identify relevant and key information about handling and moving mushroom boxes
Writing	Use clear language and accurate industry terminology to complete daily work records
Oral communication	Use clear language to report cool room and mushroom pulp temperature variations and anomalies, unserviceable trolleys, tools

Skill	Description
	and equipment, and work outcomes to supervisor and seek feedback
Numeracy	- Estimate mushroom box quantities and packing rate - Record cool room air and mushroom pulp temperatures
