AHCPHT510 Manage a wine making process

Release: 1

AHC PHT510 Manage a wine making process

Modification History

| Release | Comments |
|-----------|---|
| Release 1 | This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 4.0. |

Application

This unit of competency describes the skills and knowledge required to determine wine to be produced and winemaking process, acquire grapes for processing, initiate a ferment, manage primary and secondary fermentation and mature wine in storage vessels.

The unit applies to individuals who apply specialised skills and knowledge to the management of a wine making process, and take personal responsibility and exercise autonomy in undertaking complex work. They analyse and synthesise information and analyse, design and communicate solutions to sometimes complex problems.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Nil

Unit Sector

Production horticulture (PHT)

Elements and Performance Criteria

| Elements | Performance Criteria |
|--|--|
| <i>Elements describe the essential outcomes.</i> | <i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i> |
| 1. Determine wine and wine making process | <p>1.1 Determine the type and style of wine to be produced according to variety and characteristics of the grapes, winemaking factors, consumer preferences, client requirements and industry trends</p> <p>1.2 Determine the winemaking process to be followed according to type and style of wine to be produced, quality and quantity of grapes available, and availability of required equipment and personnel</p> |

| Elements | Performance Criteria |
|---|---|
| <i>Elements describe the essential outcomes.</i> | <i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i> |
| 2. Acquire, deliver and prepare grapes for fermentation | <p>2.1 Harvest and handle grapes according to standard vineyard practices and quality criteria</p> <p>2.2 Acquire and deliver the grapes that meet the desired variety and quality parameters to the winery</p> <p>2.3 Prepare grapes for fermentation, and deliver must or juice to fermentation vessels to meet the desired wine type and style requirements</p> |
| 3. Initiate a ferment | <p>3.1 Select yeast types or strains to produce a given wine type and style</p> <p>3.2 Prepare fermentation vessels and transfer must or juice according to wine type and style requirements</p> <p>3.3 Prepare yeast culture according to specifications and add to fermentation vessels</p> |
| 4. Manage primary fermentation | <p>4.1 Monitor and adjust physical and chemical characteristics of ferment</p> <p>4.2 Predict potential fermentation problems</p> <p>4.3 Detect the presence of undesirable fermentation characteristics</p> <p>4.4 Outline steps to rectify fermentation problems</p> <p>4.5 Rack off gross lees or pressings into appropriate vessels at a determined time</p> <p>4.6 Maintain records of additions and adjustments</p> |
| 5. Manage secondary fermentation | <p>5.1 Obtain and check oak barrels for serviceability for use if required</p> <p>5.2 Inoculate wine with selected malolactic fermentation bacteria</p> <p>5.3 Manage malolactic fermentation to the predetermined end point</p> |
| 6. Mature wine in storage vessels | <p>6.1 Select suitable maturation storage vessels to produce a given wine style and check for serviceability and use</p> <p>6.2 Transfer wine into the selected vessels according to determined wine style characteristics</p> <p>6.3 Monitor condition of wine in storage</p> <p>6.4 Bottle and seal wine according to workplace procedures</p> <p>6.5 Maintain wine production and storage records</p> |

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential for performance in this unit of competency but are not explicit in the performance criteria.

| Skill | Description |
|----------------------------|--|
| Reading | <ul style="list-style-type: none"> Identify and interpret information regarding type and style of wine, grape variety and characteristics Identify and interpret information regarding winemaking factors, consumer preferences, client requirements and industry trends |
| Oral communication | <ul style="list-style-type: none"> Initiate discussions with clients, using clear language to determine wine production requirements |
| Numeracy | <ul style="list-style-type: none"> Access and analyse data from specifications to calculate yeast culture quantities Calculate bacteria quantities for inoculation of wine |
| Navigate the world of work | <ul style="list-style-type: none"> Identify and describe own workplace requirements associated with own role and area of responsibility |

Unit Mapping Information

| Code and title current version | Code and title previous version | Comments | Equivalence status |
|---|---|--|--------------------|
| AHCPHT510 Manage a wine making process | AHCPHT506 Manage a wine making process | Performance criteria clarified Foundation skills added Assessment requirements updated | Equivalent unit |
