Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:
- safely use firearms to shoot targets from a platform, then from an aircraft at animals
- apply air safety principles
- safely store firearms in an aircraft
- shoot pest animals humanely
- apply work health and safety practices
- ensure all animals are humanely destroyed according to Animal Welfare Codes of Practice and Standard Operating Procedures

Knowledge Evidence

The candidate must demonstrate knowledge of:
- requirements for ensuring the welfare of animals described in the relevant Codes of Practice relating to the activity being undertaken
- how to read maps and plot locations
- air safety principles and emergency procedures appropriate to firearms
- approvals required for carrying firearms airside
- relevant work health and safety procedures as set out in the organisation’s workplace procedures
- relevant environmental, animal welfare prevention of cruelty to animals, and pest control legislation
- appropriate personal protective equipment for role
Assessment Conditions

Assessment must comply with Animal Welfare Codes of Practice and Standard Operating Procedures.

The assessment team must include assessors with firearms licences and appropriate experience in using firearms from aircraft for pest control.

Assessors must satisfy current standards for RTOs.
