AHCPMG506 Manage the implementation of legislation

Release: 2

AHCPMG506 Manage the implementation of legislation

Modification History

Release	Comments
Release 2	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 6.0.
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 1.0.

Application

This unit of competency describes the skills and knowledge required to manage the implementation of legislation and develop procedures to support and advise landholders to ensure compliance within organisational guidelines or legislative requirements relating to the management of pests, including weeds, vertebrate and/or invertebrate pests.

The unit applies to individuals who take personal responsibility and exercise autonomy in undertaking complex work. They demonstrate deep knowledge in a specific technical area and analyse information and exercise judgement to complete a range of advanced skilled activities. They have accountability for the work of others and analyse, design and communicate solutions to a range of complex problems.

Pest control legislation and regulations apply in all states and territories and must be adhered to. User are advised to check details with the relevant regulatory authority.

Pre-requisite Unit

Nil

Unit Sector

Pest Management (PMG)
