AHCSS00134 Permaculture Backyard Skill Set

Release 1

AHCSS00134 Permaculture Backyard Skill Set

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 9.0.

Description

This skill set provides the skills and knowledge required to inspect a site for key permaculture elements and establish orchards and gardens for a permaculture system.

Pathways Information

These units of competency can provide credit towards a range of qualifications and/or build on the skills and knowledge of previous qualifications attained from the AHC Agriculture, Horticulture and Conservation and Land Management Training Package.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this skill set at the time of publication.

Skill Set Requirements

- AHCPER324 Establish a permaculture system
- AHCPER328 Establish organic garden and orchard systems
- AHCPER329 Coordinate preparation and storage of produce from a permaculture system
- AHCPER332 Maintain integrated plant and animal systems

Target Group

This skill set is for individuals who aspire to develop a permaculture system for their home or support the development of new permaculture systems in the community.

Suggested words for Statement of Attainment

These competencies from the AHC Agriculture, Horticulture and Conservation and Land Management Training Package meet the industry requirements for establishing a permaculture system.
