- record turf maintenance activities as required by the enterprise
- transport, clean and store turf renovation machinery and equipment
- use turf renovation machinery and equipment to restore turf health and condition

Knowledge Evidence

The candidate must demonstrate knowledge of:

- principles and practices of grass area renovation
 - different soil preparations for renovation
 - effect of adverse outdoor climatic conditions
 - effective and safe use of tools and machinery
 - hazards and responsibilities working near public access
 - influences on the selection of tools, machinery and safety equipment
 - potential public nature of turf renovation work sites

Assessment Conditions

Assessors must satisfy current standards for RTOs.
