Implement a grassed area maintenance
program**

Release: 1

Assessment Requirements for AHCTRF303 Implement a grassed area maintenance program

Modification History

Release	TP Version	Comment
1	AHCv1.0	Initial release

Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- conduct a risk assessment for work in a turf area
- determine the maintenance requirements for a turf area
- carry out weed control measures
- repair irrigation systems
- safely adjust and use turf maintenance machinery and equipment
- coordinate and report on grassed area maintenance activities
- write a report on the maintenance program activities

Knowledge Evidence

The candidate must demonstrate knowledge of:

- principles and practices of grassed area maintenance
 - growth rates and cultural requirements of specific turf types
 - methods and practices for maintaining grassed areas
 - range, use and availability of materials, equipment and machinery that may be required for the project
 - turf grass physiology as it applies to grassed area maintenance
 - types of turf and specific maintenance requirements
 - work schedule programming
 - work health and safety issues

Assessment Conditions

Assessors must satisfy current standards for RTOs.
