- order and arrange purchase and delivery of goods and services
- identify and incorporate sub-contracted works into the turf renovation plan
- prepare an on-going turf maintenance program

## Knowledge Evidence

The candidate must demonstrate knowledge of:

- principles and practices for managing sports turf renovation programs
  - comparative environmental implications of renovation activities, turf and soil treatments and waste disposal procedures
  - enterprise and industry standards for turf surface appearance and quality
  - field measurement techniques such as infiltration rate, organic fines, hardness, traction, surface smoothness and turf sward height
  - impact of climatic conditions on turf recovery
  - planting, care and renovation scheduling requirements of turf grass species and cultivars.
  - requirements of the turf's intended use
  - schedule and intensity
  - soil physical and chemical properties for imported and existing soils
  - specialist turf renovation principles and practices
  - turf nutrition and plant growth regulators

## **Assessment Conditions**
