- evaluate and reflect on own work practice
- develop a professional practice plan to meet professional goals
- operate within an agreed ethical code of practice and ethics
- use industry standard terminology.

Knowledge Evidence

The candidate must demonstrate knowledge of:

- typical business management structures
- issues of professional practice for the job role
- team roles, responsibilities and accountabilities
- legislation, ethical and financial considerations
- legislation covering protection of copyright and intellectual property
- local and international professional organisations relevant to the industry
- workplace occupational health and safety policies and procedures
- understanding of relevant theories, principles, practices and their application and other aspects of knowledge, desirable or necessary in order to practise effectively within the industry
- expert witness roles and processes
- personal goal setting strategies
- measuring performance
- time management strategies
- marketing principles

- professional practice considerations
- communication principles
- strategies for promoting awareness of a product.

Assessment Conditions

Assessors must satisfy current standards for RTOs.
