Assessment Requirements for AMPA2012 Mark brisket

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must score or mark the brisket prior to the brisket being cut, to allow evisceration of the carcass.

The candidate must:

- mark the brisket in accordance with work instructions
- comply with workplace health and safety requirements for marking the brisket
- apply relevant workplace and regulatory requirements
- apply the workplace health and safety requirements for working in the evisceration area

Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- the purpose and importance of marking the brisket in accordance with work instructions
- possible sources of contamination and cross-contamination while marking the brisket and how these are avoided
- relevant work instructions
- relevant regulatory and workplace requirements
- workplace health and safety requirements for working in the evisceration area

Assessment Conditions

Assessment must occur in the workplace under normal conditions.

Competency must be demonstrated at normal chain speed.

As a minimum, the following three forms of assessment must be used:

- quiz of underpinning knowledge
- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
