Assessment Requirements for AMPA2029 Operate nose roller

Release: 1

Assessment Requirements for AMPA2029 Operate nose roller

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Performance Evidence

The candidate must operate a nose roller or similar machine to mechanically skin a sheep head.

The candidate must:

- demonstrate the basic start-up operations and routine maintenance as prescribed in the work instructions
- operate the nose roller in accordance with work instructions
- operate the nose roller in accordance with workplace health and safety requirements
- clean and sanitise, and follow basic maintenance program for the nose roller in accordance with workplace requirements
- dispose of waste in accordance with workplace requirements
- keep work area clean and tidy
- apply relevant regulatory requirements

Knowledge Evidence

The candidate must demonstrate a basic factual, technical and procedural knowledge of:

- workplace health and safety requirements associated with nose roller
- basic operation of nose roller
- uses of head meat and offal
- work instruction for operating a nose roller
- relevant regulatory requirements
- sources of contamination of heads

Assessment Conditions

Assessment must occur in the workplace under normal production conditions.

Competency must be demonstrated at chain speed.

As a minimum the following three forms of assessment must be used:

- quiz of underpinning knowledge

- workplace demonstration
- workplace referee or third-party report of performance over time

Assessors must satisfy the current standards for RTOs.
