AMPA2066 Operate a decontamination unit

Release: 1

AMPA2066 Operate a decontamination unit

Modification History

Release	TP Version	Comment
1	AMPv2.0	Initial release

Application

This unit describes the skills and knowledge required to operate a decontamination unit for carcases at a meat processing establishment.

This unit is applicable to workers operating or monitoring the operation of a decontamination unit, including hot water, steam or acid wash units.

All work should be carried out to comply with workplace and hygiene requirements.

This unit applies to individuals who work under general supervision, exercise limited autonomy and have some accountability for their own work.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

This unit must be delivered and assessed in the context of Australian meat processing standards and regulations.

Pre-requisite Unit

Nil.

Unit Sector

Elements and Performance Criteria

Element	Performance criteria
